

SCHOOLS

Overview

Butler & Young have vast experience with schools delivery. We have worked on small schools to major academy campuses.

Added Value

By understanding and working as part of the delivery team both strategically and project specific we help reduce risk and ensure burden free compliance. Our dedicated and qualified teams work with design teams no matter where the project is sited to ensure continuity of interpretation.

Why Choose Us?

Common themes that set us apart from others:

- 1 We understand how schools function, how this affects design and tailor our service accordingly.
- 2 We use in-house site inspection staff - not associates.
- 3 We highlight over compliance to reduce cost.
- 4 We work with the team to ensure fire strategies are quickly forwarded to fire officers and signed off.
- 5 As part of the team we are always available for PQQ advice, queries and no-cost training.
- 6 Expertise with carbon neutral buildings.
- 7 We understand school specific legislation such as BB100.
